**Office Phone** \_\_\_\_\_ **E-Mail** \_\_\_\_\_

## **Part II**

**Describe the type of enrichment activities you have supported in the past for your students in science/math classroom, science fair, or other related areas.**

**(Max: 200 Words).**

## **PART III:**

**Describe in 200 words or less how you would plan to use the funds from the AFCEA Teaching Tools Grant. Award levels ranging from \$250.00 up to \$1000 have been granted in the past.**

**Note: Funds in the past have been used to support Science Fair projects at both the local and regional level, in classroom work and after school activities. These activities are in support of science/math including diverse areas such as Biology, Chemistry, Physics, and Computer Software and in 2002-03 included combining amateur radio with global studies.**

**Part IV: Detail Proposed Costs for providing the proposed enrichment.**

**Part V: Approval of Supervisor, Principal or Superintendent must be indicated.**

**Note: This approval comes with the understanding that these funds are in addition to those already provided by the school system and are not to be used to replace school funding.**

### **Return the application to:**
